

Infantile Spasms for the General Practitioner

An educational dinner for clinicians and families

Wednesday, October 25, 2017 | 6:00 - 8:30 PM

CHOC Children's Wade Education Center | 1201 W. La Veta Ave | Orange, CA 92868

Infantile spasms should be considered a medical emergency due to the potentially devastating consequences on the developing brain, Dr. Mary Zupanc, chair of neurology at CHOC, says. Immediate treatment is critical because many children with infantile spasms go on to develop other forms of epilepsy and neurodevelopmental disabilities.

General practitioners, clinicians, families, and any others who care for infants and young children are invited to attend.

Schedule

- 6:00 - 6:30 PM Arrival and Dinner
- 6:30 - 6:45 PM Introduction and Case Presentation
- 6:45 - 7:00 PM What is Infantile Spasms and Why the Urgency to Treat?
- 7:00 - 7:20 PM Treatment and Management
- 7:20 - 7:40 PM Latest Research Update on Infantile Spasms
- 7:40 - 8:00 PM Real Stories from Orange County
- 8:00 - 8:30 PM Q & A Sessions for Practitioners and

Conference Outcomes

- During office visits, recognize the presentation of infantile spasms, which can occur at any age during early childhood.
- Refer promptly to neurology for appropriate diagnostic work-up and management to ensure the best neurodevelopmental outcome.
- Recall the current research endeavors about infantile spasms.

Accreditation

CHOC is accredited by the Institute for Medical Quality/California Medical Association (IMQ/CMA) to provide continuing medical education for physicians.

CHOC designates this live activity for a maximum of 2.0 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in this live activity.
